2. [REDACTED] telephoned to say that the Office of Emergency Planning had requested that we bring our succession list up to date. I asked [REDACTED] to bring this to General Carter's attention. (However, I am not at all optimistic that he will break it loose.)

3. John Bross called me about the list we had submitted in connection with the outflow of dollars. He seemed reluctant to put this before the Financial Budget and Policy Review Committee. I told him that this made no difference to me but that I did feel I should pass on all of the suggestions made by DD/S offices. I also felt that the Comptroller should select specific areas which should be studied further and assign the responsibility to the appropriate component. I told him that we would be glad to cooperate in every way in pursuing these studies. He indicated that he would accept this suggestion and act accordingly.

c. He again requested the loan of [REDACTED] with the understanding that he might be withdrawn at any time. I told him that I would let him know something definite on this within the next few days.
